The performance data quoted represents past performance and are net of all asset-based fees and expenses as of June 30, 2026. Past performance – especially short-term past performance, is not a guarantee of future results. Investment returns and principal value will fluctuate, so investors units, when sold, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data cited and is available by calling 1-800-544-5248.

All performance figures in the table, with the exception of the performance figures in the year-to-date column, represent the average annual compound rate of the total return. All figures in the year-to-date column represent cumulative, nonannualized returns from January 1, 2026 to June 30, 2026.
